PROJECTIONS
Simply Connected.

Attention!

frontrow™ CLEVERTOUCH®

Working together to help make schools safer.

Educational technology that can change lives becomes technology that can help save lives.

At Data Projections, we want to help your school **Simply Connect** at all levels - whether it be an average day of learning, or one overcome with crisis.

Now, two educational technology solutions that change lives in the classroom every day are working together to improve communication with everyone in the most critical of moments- when time is of the essence.
